

Senior Game Developer - Funfair Technologies

Our mission at FunFair is simple. We bring a fun and - more importantly - fair approach to online gaming, ingrained in our day-to-day values of honesty and transparency.

We're looking for people who share our passion and excitement for technology and are full of ideas to help us perform better and take the next step. We are all about teamwork, but if you stand out from the crowd, you'll certainly be rewarded for doing so.

If you are full of innovative ideas and would like to work with a team that encourages and supports each other while changing the face of a global industry, then FunFair is the one for you.

THE ROLE

The role is a remote position on a full time permanent employed basis, accepting applicants located in the UK.

We are looking for an experienced game developer who is able to translate designs and requirements into clean and efficient code. You will be able to produce prototypes of gameplay ideas and features as well as implement all technical aspects of each game such as animation, effects, UI and audio.

Part of the role includes creating unit tests and validation procedures to assure quality whilst also contributing to the design in collaboration with our talented team.

You will be an important part of the process of developing schedules and determining milestones, at the same time you will be "Polishing" the game, maintaining code, fixing bugs and ironing out any occurring problems.

REQUIREMENTS

- Proven working experience in full lifecycle game development
- High level knowledge of at least one major OO programming language (Typescript, C#, C++, Java etc)
- Up-to-date with the latest gaming trends, techniques, best practices and technologies
- Ability to solve problems creatively and effectively

EMPLOYEE BENEFITS

- 25 days holiday (excluding bank holidays)
- Private Health Insurance
- Pension Plan
- Cycle to Work Scheme
- Season Ticket Loan
- Fitness at Work scheme
- Access to Employee Assistance Programme
- Training and Development

If you want to be part of an ambitious, innovative and focused start-up, surrounded by a friendly, inspiring team who will always have your back, apply now by sending your CV to jobs@funfair.io!

OUR VALUES

NEVER SETTLE: When everyone else is doing the same, we're doing something brand new. We do only what's best for our customers and players through constant innovation and persistent drive. Think differently. Always make the brave choice. Always move forward.

ONE TEAM: No matter your background. No matter your job title. You are Funfair. We may think independently, but we collaborate together. Be social. Inspire and be inspired. Be open to all we do so we can move forward and change the industry together.

FAIR'S FAIR: Fairness runs at the core of our business and heart of our culture. Customers, consumers, community and colleagues; we treat all with integrity and respect. Our Products may be trustless, but trust is key to how we interact. All opinions are valid, all individuals are respected, and all get a fair deal.

SERIOUSLY FUN: It is our job to entertain, so let's enjoy the ride while we do. Show off your individuality and drive our creative spirit so players get the enjoyment they deserve. Embrace and encourage the weird, the different. Work hard, but seriously, have fun!
